

# IONIZED CLIP ON 5 IN 1

Clip-On lenses from MGclub are equipped with a **Far Infrared (FIR)** ,and **Negative Ion** embedded in its temples and frames through nanotechnology from Germany

You may attach these portable lenses to all types of glasses for additional protection to your eyes since the lenses are layered with 3 primary layers namely **Anti Ultra Violet (UV)**, **Anti BluRay**, and **Anti EMF (Electromagnetic Field)**  
*(Clip-on lenses have neutral sizes)*
