How to take care / clean MGIClub IonSpec Glasses

- For the glasses frame, you can just wipe it with a wet cloth and then dry it with a clean cloth.
- For the lenses, you can use mild soap or special cleaning liquid use for lenses (can be purchased at optical shop). Then wipe using a soft clean cloth.
- Avoid contact with salt/sea water or anything that contains alcohol (perfume, sanitizer, etc)
- Do not place the glasses under direct hot sunlight or place such as car dashboard, motorcycle seat, and do not dry it under the sun. Store in a cool dry place.
